PMP CSPO CSM ITIL MBA CMMI

SUMMARY

Technical Project Manager with 25+ years in IT, including a decade at Microsoft leading Azure Cloud and AI platform delivery for Fortune 500 clients. Deep expertise managing end-to-end delivery of enterprise data and analytics programs — spanning Azure Data Lake, Databricks, Azure AI, Copilot Studio, Power BI, and Tableau — coordinating cross-functional teams of data engineers, cloud architects, analysts, and external vendors. Proven track record translating complex technical initiatives into executive-level outcomes, with PMP, CSPO, CSM, and ITIL certifications and fluency in Agile, SFe, and hybrid delivery models. Multilingual (English, Portuguese, French, Spanish).

EXPERIENCE

Microsoft · 10 years

July 2016 – Present

Technical Project Manager · Azure Cloud & AI Professional Services · Richmond, VA

- Led end-to-end technical project management of Azure data platform, analytics, and AI initiatives for Fortune 500 clients — including ExxonMobil, GM, and PressGaney — coordinating cross-functional teams of data engineers, cloud architects, analysts, and external vendors across Azure Data Lake, Databricks, and Azure AI environments.
- Managed enterprise data modernization programs migrating from Tableau to Power BI and transitioning legacy data pipelines to Azure Data Lake + Databricks; governed project plans, milestones, dependencies, budgets, and risk registers across Agile and hybrid (SFe/Scrum) delivery models using Azure DevOps.
- Delivered Azure AI and Copilot Studio implementation programs — including planning, stakeholder communication, change control, and governance — translating complex technical concepts into clear executive updates and ensuring alignment to enterprise data architecture and security standards.
- Accelerated sales velocity through SOW design, pricing models, and complex deal governance for multi-million-dollar Azure engagements; managed OKRs, KPIs, financial health, and customer satisfaction metrics across portfolio.
- Built and deployed Agentic AI companion agents (Delivery, Pursuit, Sales) enabling data-driven portfolio monitoring, root-cause analysis, and automated issue resolution across program delivery operations.

Dexian-DISYS · 6 years

Nov 2010 – Jun 2016

Practice Leader, Application Development · Houston, TX → Washington D.C. Metro

- Founded and scaled a Scrum-Agile Application Development Practice from zero, defining delivery models, sales strategy, and full operational oversight with P&L responsibility.
- Delivered consulting for U.S. Postal Service, ExxonMobil, Schlumberger, and Frontier; managed full lead-to-order and order-to-cash lifecycle.
- Led people management, technical presales, financial forecasting, and complex deal governance; expanded scope from Houston to D.C. Metro region.

KEY ACHIEVEMENTS

- ★ Managed Azure Data Lake + Databricks platform delivery at ExxonMobil and GM, including Tableau-to-Power BI analytics migration
- ★ Delivered Azure AI and Copilot Studio programs for 17+ Fortune 500 clients over 10 years at Microsoft
- ★ Built 3 production Agentic AI agents (Delivery, Pursuit, Sales) deployed across Microsoft's Professional Services portfolio
- ★ Founded and scaled Agile App Dev Practice from zero at Dexian-DISYS with full P&L ownership

EXPERIENCE (CONTINUED)

Meta Brasil · 8 years

Sep 2002 – Oct 2010

SW Engineer → Dev Lead → IT Consultant → Technical Program Manager · Porto Alegre, Brazil

- Progressed through every discipline over 8 years — from writing production code to leading product teams, implementing SDLC and PMO methodologies, and managing outsourcing operations.
- Implemented CMMI SEPG processes and led SCAMPI appraisals; managed outsourcing operations and delivered optimized business-technology integration for enterprise clients.
- Designed and engineered IT consulting products end-to-end, building deep expertise in solution design, product engineering, and client-facing consulting.

Dinamize Web Systems · 4 years

Aug 2000 – Jul 2004

Full Stack Software Engineer · Porto Alegre, Brazil

- Built client-server and web-based applications using Delphi, Visual Basic, ASP.NET, and SQL Server.
- Developed foundational skills in database administration, UX/UI wireframing, and product engineering.

VOICES

"Fernando is one of the most knowledgeable and effective resources I have come across in my +20yrs at MSFT. Your approach and structured working style keeping Team on point for the multitude of tasks and approvals it takes is SUPER. VERY few can accomplish this."

Adam Ryncarz
Ford/GM/Cruise Account Delivery Executive · Microsoft

"I have unwavering confidence in everything you do. I have witnessed your exponential growth over the years. You are intentional, focused, and do not shy away from challenges. I genuinely see you as a leader in your field."

Dawna Covey
Enterprise ADL · Microsoft

"Fernando has a can do attitude. Even on areas outside of his remit, he has leaned in to support the team. Fernando is a joy to work with."

Melissa Hooper
Sales Director · Microsoft

"Fernando and I are on the same page 99% of the time, which makes it really easy to work through issues when they arise. He is a very collaborative partner and is genuinely interested in coming up with acceptable solutions to very difficult challenges, often in extremely tight timelines."

Joe Newel
Architect Manager · Microsoft
