SUMMARY

Principal Project Manager with 25+ years in IT and a decade leading Microsoft's most complex Cloud and AI consulting engagements across the Fortune 500. Expert at orchestrating cross-functional teams — Architects, BAs, Feature Teams, Vendors, and Delivery Executives — to drive measurable consumption ROI and lasting business outcomes. Multilingual (English, Portuguese, French, Spanish) and a practicing builder of Agentic AI solutions.

EXPERIENCE

Microsoft

July 2016 – Present

Principal Project Manager · Professional Services · Richmond, VA

- Lead end-to-end delivery of complex Cloud & AI consulting engagements for Fortune 500 clients, orchestrating cross-functional teams across architects, BAs, feature teams, vendors, and delivery executives to drive consumption ROI.
- Developed and deployed Agentic AI companion agents — Delivery, Pursuit, and Sales — enabling data-driven portfolio monitoring, root-cause analysis, and accelerated issue resolution across program portfolios.
- Accelerated sales velocity through SOW design, pricing models, and complex deal governance for multi-million-dollar contracts; managed OKRs, KPIs, financial health, and customer satisfaction metrics.
- Built and scaled practice intellectual property including delivery frameworks, methodology, offerings, and reusable accelerators that elevate the consulting value proposition.
